Winnebago County Mailbox Policy:

In the event the Secondary Road department damages a mailbox during snow removal operations, the standard policy is as follows.

If the box is damaged beyond repair, Secondary Roads will replace it with a standard sized box free of charge to the citizen. If the citizen would like anything but a standard sized box, Secondary Roads will give them \$30 to put it up themselves.

If the box is repairable, Secondary Roads will do the repairs at no charge to the citizen. Any repairs or replacement will be done at the earliest convenience of the operator.
