

Our History...

The Friends of Winnebago County Conservation Foundation, Inc., was formed in 2012 to help support the conservation, recreation, and educational efforts of the Winnebago County Conservation Board.

The Foundation Board consists of 6 community board members, the WCCB Director, the WCCB Naturalist, and a WCCB board member. Anyone, regardless of county of residence, is welcome to become a voting member of the Foundation at any of the various donation levels.

The public is also welcome to attend any of the Foundation's board meetings, share their opinions about WCCB projects, or volunteer their time with WCCB/Foundation projects.

Our Mission...

The goal of the Foundation is to support the functions and efforts of the Winnebago County Conservation Board.

Specifically, we help the WCCB in its efforts to conserve and protect natural areas, develop and maintain suitable programs of public recreation, and promote the conservation of natural resources through educational programming.

We accomplish these goals by helping to raise funds designated for various WCCB projects, serving as an organizational base for volunteers, and advising the WCCB concerning the needs of the community in regards to educational programming and recreational resources.

Foundation Plans and Goals

- ◆ *Organize fundraising events to support WCCB projects*
- ◆ *Guide the WCCB in the research and development of a possible nature center in Winnebago County*
- ◆ *Help the WCCB create new outdoor recreational opportunities for people, thus enhancing and promoting outdoor education and local tourism*
- ◆ *Provide continued support for the WCCB's Environmental Education Program*
