NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF SUPERVISORS OF WINNEBAGO COUNTY, IOWA, THAT:

GENERAL PROVISIONS AND DEFINITIONS

1.01 SHORT TITLE. This ordinance shall be known and may be cited and referred to as the “Zoning Ordinance of Winnebago County, Iowa,” to the same effect as if full title was stated.

1.02 JURISDICTION. In accordance with the provisions of Chapter 335, of the Code of Iowa, and amendatory acts thereto, this ordinance is adopted by Winnebago County, Iowa, governing the zoning of all lands within the unincorporated area.

1.03 INTERPRETATION. In their interpretation and application, the provisions of this ordinance shall be held to be minimum requirements. Where this ordinance imposes a greater restriction than is imposed or required by other provisions of law, other rules, regulations, or ordinances, the provisions of this ordinance shall govern. In case of conflicting language within this ordinance, the more restrictive requirements shall apply.

1.04 FARMS EXEMPT. In compliance with Chapter 335.2, Code of Iowa, no regulation or restriction adopted under the provision of this ordinance shall be construed to apply to land, farm houses, farm barns, farm out-buildings, or other buildings, structures, or erections which are primarily adapted by reason of nature and area, for use for agricultural purposes while so used; provided, however, that such regulations or restrictions which relate to any structure, building, dam, obstruction, deposit, or excavation in or on the flood plains of any river to stream shall apply thereto.

No Zoning Certificate shall be required for the construction, reconstruction, alterations, remodeling, or expansion of buildings and uses customarily associated with the pursuit of agricultural enterprises in the County, including farm buildings, farmstead dwellings, farm fences, farm ponds, soil conservation or similar buildings and uses when so used. However, all other new construction and expansions of buildings shall require notification of such changes to the County Zoning Administrator prior to initiation of said changes.

1.05 APPLICATION OF DISTRICT REGULATIONS. The regulations set by this ordinance within each district shall be minimum regulations and shall apply uniformly to each class or kind of structure or land, and particularly, except as hereinafter provided:

1. No building, structure, or land shall hereafter be used or occupied, no building or structure or part thereof shall hereafter be erected, constructed, reconstructed, moved, or structurally altered except in conformity with all the regulations herein specified for the district in which it is located.
2. No part of a yard, or other open space, or off-road parking or loading space required about or in connection with any building for the purpose of complying with this ordinance, shall be included as part of a yard, open space, or off-road parking or loading space similarly required for any other building.
3. No yard or lot existing as of the effective date of this ordinance shall be reduced in dimension or area below the minimum requirements set forth herein. Yards or lots created after the effective date of this ordinance shall meet at least the minimum requirements established by these regulations.
4. Whenever the requirements of this ordinance are at variance with the requirements of any other lawfully adopted rules, regulations, ordinances, deed restrictions, or covenants, the most restrictive or that imposing the higher standards shall govern.

1. Official Zoning Map. The County shall be divided into districts, as shown on the Official Zoning Map which, together with all explanatory matter thereon, shall be adopted by ordinance.

The Official Zoning Map shall be identified by the signature of the Chairperson, Board of Supervisors, attested by the Board Secretary, under the following words: "This is to certify that this is the Official Zoning Map referred to in Section 1.06 of Ordinance No. 22 of Winnebago County, Iowa," together with the date of adoption.

If, in accordance with the provisions of this ordinance and Chapter 335, Code of Iowa, changes are made in district boundaries or other matter portrayed on the Official Zoning Map, such changes shall be entered on the Official Zoning Map promptly after the amendment has been approved by the Board of Supervisors, with an entry on the Official Zoning Map as follows: "By official action of the Board of Supervisors, the following changes were made to the Official Zoning Map." (Indicating the changes by ordinance numbers and date of publication.)

No amendment of these regulations which involves matter portrayed on the Official Zoning Map shall become effective until after such change and entry has been made on said map.

2. Disincorporation. All territory which may hereafter become part of the unincorporated area of Winnebago County, that is regulated by this ordinance, by the disincorporation of any city or town, or any part thereof, shall automatically be classified as lying and being within the (AG) Agricultural District until such classification shall have been changed by amendment to this ordinance.

3. Replacement of the Official Zoning Map. In the event that the Official Zoning Map becomes damaged, destroyed, lost or difficult to interpret because of the nature or number of changes and additions, the Board of Supervisors may by ordinance adopt a new Official Zoning Map which shall supersede the prior Official Zoning Map. The new Official Zoning Map may correct drafting or other errors or omissions in the prior Official Zoning Map, but no such correction shall have the effect of amending the original Official Zoning Map or any subsequent amendment thereof.

The new Official Zoning Map shall be identified by the signature of the Chairperson of the Board of Supervisors, attested by the Board Secretary, and bearing the Seal of the County under the following words: "This is to certify that this Official Zoning Map supersedes and replaces the Official Zoning Map adopted as part of Ordinance No. 22 of Winnebago County, Iowa."

NONCONFORMITIES

1.10 NONCONFORMITIES. Within the districts established by this ordinance there exist:

1. lots,
2. structures,
3. uses of land and structures, and
4. characteristics of use,

which were lawful before these regulations were adopted or amended, but which are prohibited, regulated, or restricted under the terms of this ordinance or future amendments. It is the intent of this ordinance to permit these nonconformities to continue until they are removed, but not to encourage their survival. Further, nonconformities shall not be enlarged upon, expanded or extended, nor be used as grounds for adding other structures or uses prohibited elsewhere in the same district; however, it is the intent of this ordinance to allow structures which were nonconforming under the previous ordinance, but which are conforming under this ordinance to be considered legal as of the date of adoption of this ordinance and shall be allowed to be rebuilt, added to, or modified within the terms and requirements of this ordinance.

To avoid undue hardship, nothing in this ordinance shall be deemed to require a change in the plans, construction or designated use of any building on which actual construction was lawfully begun prior to the effective date of adoption or amendment of this ordinance and upon which actual building construction has been carried on diligently. Actual construction is hereby defined to include the placing of construction materials in permanent position and fastened in a permanent manner. Where excavation or demolition or removal of an existing building has been substantially begun preparatory to rebuilding, such excavation or demolition or removal shall be deemed to be actual construction, provided that work shall be carried on diligently.

1.11 NONCONFORMING LOTS OF RECORD. Variance of yard requirements shall be obtained only through the action of the Board of Adjustment.

1.12 NONCONFORMING USES OF LAND (OR LAND WITH MINOR STRUCTURES ONLY). Where at the time of adoption of this ordinance lawful use of land exists which would not be permitted by the regulations

imposed by this ordinance, and where such use involves no individual structure with a replacement cost exceeding one thousand dollars (\$1,000.00), the use may be continued so long as it remains otherwise lawful, provided:

1. No such nonconforming use shall be enlarged or increased, nor extended to occupy a greater area of land than was occupied at the effective date of adoption or amendment of these regulations.
2. No such nonconforming use shall be moved in whole or in part to any other portion of the lot or parcel occupied by such use at the effective date of adoption or amendment of this ordinance.
3. If any such nonconforming use of land ceases for any reason for a period of twelve (12) months, then any subsequent use of such land shall conform to the regulations specified by this ordinance for the district in which such land is located.
4. Where a junk/salvage yard exists as a pre-existing nonconforming use in any district, the fence requirements of Section 1.34(2)(M) of this ordinance shall apply.

1.13 NONCONFORMING STRUCTURES. Where a lawful structure exists at the effective date of adoption or amendment of this ordinance that could not be built under the terms of these regulations by reason of restrictions on area, lot coverage, height, yards, its location on the lot, or other requirements concerning the structure, such structure may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No such nonconforming structure may be enlarged or altered in such a way which increases its nonconformity, but any structure or portion thereof may be altered to decrease its nonconformity except by special exception of the Board of Adjustment.
2. Should such nonconforming structure or nonconforming portion of structure be destroyed by any means to an extent of more than fifty (50) percent of its replacement cost at time of destruction, it shall not be reconstructed except by special exception of the Board of Adjustment.
3. Should such structure be moved for any reason for any distance whatever, it shall thereafter conform to the regulations for the district in which it is located after it is moved.

1.14 NONCONFORMING USES OF STRUCTURES OR OF STRUCTURES AND LAND IN COMBINATION. If lawful use involving individual structures with a replacement cost of one thousand dollars (\$1,000.00) or more, or of structure and land in combination, exists at the

effective date of adoption or amendment of this ordinance, that would not be allowed in the district under the terms of these regulations, the lawful use may be continued so long as it remains otherwise lawful, subject to the following provisions.

1. An existing structure devoted to a use not permitted by this ordinance in the district in which it is located shall not be enlarged or extended except by special exception of the Board of Adjustment. This prohibition does not apply when changing the use of the structure to a use permitted in the district in which it is located.
2. Any nonconforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use at the time of adoption or amendment of this ordinance, but no such use shall be extended to occupy any land outside such building.
3. If no structural alterations are made, any nonconforming use of a structure, or structure and land, may as a special exception be changed to another nonconforming use provided that the use is no more intensive than the previous use.
4. Any structure, or structure and land in combination, in or on which a nonconforming use is superseded by a permitted use, shall thereafter conform to the regulations for the district, and the nonconforming use may not thereafter be resumed.
5. When a nonconforming use of a structure, or structure and land in combination, is discontinued or abandoned for twelve (12) consecutive months or for eighteen (18) months during any three (3) year period (except when government action impedes access to the premises) the structure, or structure and land in combination, shall not thereafter be used except in conformity with the regulations of the district in which it is located.
6. When nonconforming use status applies to a structure and land in combination, removal or destruction of the structure shall eliminate the nonconforming status of the use of the structure and/or land unless the Board of Adjustment allows its continuance by special exception. Destruction for the purpose of this subsection is defined as damage to an extent of more than fifty (50) percent of the replacement cost at time of destruction.
7. If damage is less than fifty (50) percent of the replacement cost, reconstruction of the structure housing the nonconformity shall begin within six (6) months of the time of destruction or the nonconforming

status shall expire. Said construction shall also be completed within eighteen (18) months of the time of destruction or the nonconforming status shall expire. After reconstruction, the amount of space devoted to the said nonconforming use shall not be any greater than the area devoted to said use prior to destruction.

8. Where a junk/salvage yard exists as a pre-existing nonconforming use in any district, the fence requirements of Section 1.34(2)(M) of this ordinance shall apply.

1.15 REPAIRS AND MAINTENANCE. On any building devoted in whole or in part to any nonconforming use, work may be done on ordinary repairs, provided that the cubic content of the building as it existed at the time of adoption or amendment of this ordinance shall not be increased.

1.16 USES UNDER SPECIAL EXCEPTION PROVISIONS NOT NONCONFORMING USES. Any use which is permitted as a special exception in a district under the terms of this ordinance (other than a change through Board of Adjustment action from a nonconforming use to another use not generally permitted in the district) shall not be deemed a nonconforming use in such district, but shall without further action be considered a conforming use.

At said hearing, any party may appear in person, by agent or by attorney. All publication costs relative to said notice shall be paid by the person requesting the appeal.

C. Stay of Proceedings. An appeal stays all proceedings in furtherance of the action appealed from, unless the County Zoning Administrator from whom the appeal is taken certifies to the Board of Adjustment after the Notice of Appeal is filed with the Zoning Administrator, that by reason of facts stated in the certificate, a stay would, in the Zoning Administrator's opinion, cause imminent peril to life and property. In such case proceedings shall not be stayed other than by a restraining order which may be granted by the Board of Adjustment or by a court of record on application, on notice to the Zoning Administrator from whom the appeal is taken and on due cause shown.

A variance from the terms of this ordinance shall not be granted by the Board of Adjustment unless and until:

A. A written application for a variance is submitted demonstrating:

(1) That special conditions and circumstances exist which are peculiar to land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;

(2) That literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this ordinance;

(3) That the special conditions and circumstances do not result from the actions of the applicant;

(4) That granting the variance requested will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district.

No nonconforming use of neighboring, lands, structures, or buildings in the same district, and no permitted or nonconforming use of land, structures, or buildings in other districts may be considered grounds for the issuance of a variance.

B. The Board shall fix a reasonable time for the hearing of the variance, and give not less than four (4) days nor more than twenty (20) days public notice in a paper of general circulation in the County thereof, and decide the same within thirty (30) days. D. The Board of Adjustment shall make findings that requirements of paragraph 3(A) of this section have been met by the applicant for a variance.

In granting any variance, the Board of Adjustment may prescribe appropriate conditions and safeguards in conformity with this ordinance. Violation of such conditions and safeguards, when made a part of the terms under which the variance is granted, shall be deemed a violation of these regulations and punishable under this ordinance. The variance shall become effective upon receiving in the office of the County Recorder and the copy submitted to the County Zoning Administrator. These recording costs shall be paid for by the applicant.

Under no circumstances shall the Board of Adjustment grant a variance to allow a use not permissible under the terms of this ordinance in the district involved or any use expressly or by implication prohibited by the terms of this ordinance in said district.

E. The concurring vote of the majority of the members of the Board shall be necessary to reverse any order, requirement, decision, or determination of the County Zoning Administrator, or to decide in favor of the applicant on any matter upon which it is required to pass under this ordinance, or to effect any variation in the application of this ordinance.

2.20 APPEALS FROM THE BOARD OF ADJUSTMENT. Any person or persons, or any board, taxpayer, department, board or bureau of the County, or other areas subject to this ordinance aggrieved by any decision of the Board of Adjustment may seek review by a court of record of such decision, in the manner provided by the laws of the State and particularly by Chapter 335, Code of Iowa.

Notwithstanding Section 335.4, as a part of an ordinance changing land from one zoning district to another zoning district or an ordinance approving a site development plan, the Board of Supervisors may impose conditions on a property owner which are in addition to existing regulations if the additional conditions have been agreed to in writing by the property owner before the public hearing required under this section or any adjournment of the hearing. The conditions must be reasonable and imposed to satisfy public needs which are directly caused by the requested change. In case, however, of a written protest against the change which is filed with the County Zoning Administrator and signed by the owners of twenty (20) percent or more either of the area included in the proposed change, or of the area immediately adjacent to the proposed change and within five hundred (500) feet of the exterior boundaries of the property for which the change is proposed, the amendment shall not become effective except by the favorable vote of at least seventy-five (75) percent of all of the members of the Board of Supervisors. The protest, if filed, must be filed before or at the public hearing.

Proposed amendments not recommended by the Zoning Commission shall become effective only upon a favorable vote of seventy-five (75) percent of the members of the Board of Supervisors.

2.32 PETITION FOR CHANGE IN ORDINANCE. The Board of Supervisors may from time to time by its own action or on petition, after public notice and hearings as provided by law, and after report by the Zoning Commission, amend, supplement or change the boundaries or regulations herein or subsequently established, and such amendment shall not become effective except by the favorable vote of a majority of all the members of the Board of Supervisors.

Prior to and in addition to above requirements, whenever any person, firm or corporation desires that any amendment or change be made in this ordinance as to any property in the County, there shall be presented to the Zoning Commission a petition requesting such change or amendment signed by the owners of at least fifty (50) percent of the area of all the real estate for which rezoning is requested, the existing zoning classification and the requested zoning classification. Within thirty (30) days after the filing of such petition,

the Zoning Commission, acting as a Commission or acting through its Chairperson, Vice-Chairperson or other authorized agent, shall fix a time, date and place of hearing on said petition which date shall be no more than sixty (60) days after the filing of such petition. The petitioner for such change or amendment shall thereafter cause a notice of hearing to be published once in a newspaper of general circulation published within the County at least seven (7) days before the date fixed for such hearing. Such notice shall be signed by the petitioner or petitioners.

2.32 VIOLATION. Failure to comply with the provisions of this ordinance or with any of its requirements (including violations of conditions and safeguards established in connection with grants of variances or special exceptions) shall constitute a violation of this Zoning Ordinance. Each day such violation continues shall be considered a separate offense. Nothing herein contained shall prevent the County from taking such other legal action as is necessary to prevent any violation.

2.33 SCHEDULE OF FEES, CHARGES, AND EXPENSES. The Board of Supervisors shall establish a schedule of fees, charges, and expenses and a collection procedure for zoning district changes, Zoning Certificates, appeals, and other matters pertaining to this ordinance. The schedule of fees shall be posted in the office of the Zoning Administrator, and may be altered or amended only by the Zoning Commission. Until all applicable fees, charges, and expenses have been paid in full, no action shall be taken on any application or appeal.
